PACS numbers: 75.75.+a, 73.22.-f, 75.30.Kz, 81.07.-b, 99.10.Cd

In the third paragraph of the article in the discussion of the Au-Co interfaces, another reference [1] should have been included after Ref. [9], in which the observation of magnetism induced by the organization of self-assembled monolayers on gold substrates has been reported.

We thank R. Naaman *et al.* for pointing out this omission.
